INDUSTRIAL HERITAGE

Industrial heritage is an important strong point for development and future prosperity. Accordingly, efforts must be made to foster economic activities based on Castile and Leon's industrial legacy to reclaim it for new uses and make it part of tourism in the region.

Mining towns (Fabero), textile towns (Béjar and Val de San Lorenzo), regions producing resin and lumber (the pine forests of Segovia or Soria), old trades and preindustrial technology (limestone quarries, pitch production, shearing, laundries...), waterways and rivers flanked by flour factories, mills and fulling mills, ironworks and tilt hammers are interesting traces of the region's industrial past, which merit a new look.

Castile and Leon has two massive works of Roman engineering, which are also UNESCO World Heritage Sites. Las Médulas, Roman gold mines in the province of Leon (1997), and the Aqueduct of Segovia (1985), stand as examples of technology and landscape that mark a stage in human development.

La Moraña, Avila

"EL OSO" LAGOONS

El Oso lagoons are an oasis of life. Viewing them through binoculars or a telescope is a great way to take in this special area of natural interest. This bird reserve is a sanctuary and a place for migratory birds to rest. Together with the resident birds there may be over 150 species of birds and over 200 species of plants. Located in La Moraña region, they are included in the Catalogue of Wetlands of Special Interest of Castile and Leon. Visiting the lagoons can be done at your leisure. However, visiting the Lagunas de La Moraña (El Oso) interpretation centre does require a booking. Tel. 608 227 701 - 920 261 146.

NATIVITY SCENES ON PICO SAN MILLAN AND EL MENCILLA

On the weekend before Christmas, which falls on the 18th and 19th December this year, one of the classic events for those who love nature and hiking is the delivery of the Nativity Scene to the highest mountains in the Sierra de la Demanda: the summits of San Millán and Mencilla, which heralds the start of Christmas activities in Burgos. These are two impressive mountains that are snow-capped at this time of year, San Millán, the highest, stands at 2131 metres tall. The countryside and views are wonderful. This is a great day out for people in good shape who have winter mountaineering gear. Pradoluengo Mountaineering Club and Burgaleses Mountaineering Sports Club.

A JOURNEY TO SEE THE MOST SURPRISING NATIVITY SCENES IN THE PROVINCE OF LEON

There are numerous nativity scenes to be found in the province of Leon over the Christmas period, but some of them stand out for their history and tradition. Our journey starts in the region of Bierzo, in the Villaverde de la Abadia church where we visit a 70m long nativity scene with both moving and static figures. In Cabañas Raras, their traditional nativity scene made from stone and mud includes more than 1,000 pieces and in Folgoso de la Ribera the nativity scene, which has been declared a Regional Tourist Attraction, depicts trade and life in Bierzo. Next, we carry on our trip by crossing the Maragatería, in Astorga, where one of the finest examples can be found in the nursing home there. Heading to the South now, in Robledo de la Valduerna, we come to La Casa del Belén, a collection of dioramas and nativity scenes from all over the world that is a real treat for everyone who loves nativity scenes. The Church of San Salvador in La Bañeza has a fine example every year. In Leon, two wonderful nativity scenes are housed in the Church of Santa Marina and in the Capilla del Nacimiento in the Cathedral. Lastly, we end our tour in Cerezales del Condado, a town whose residents have worked meticulously every year to create one of the province's leading nativity scenes.

THE MAGIC FOREST. EXPERIENCE THIS BEAUTIFUL WINTER WONDERLAND! CHRISTMAS IN PALENCIA

Christmas is fast approaching and the city of Palencia lights up with joy around this time of year, which is so special for children. And that is why the beautiful 'Huerta de Guadián' park will be transformed into a "Magic Forest" for young and old alike to enjoy. These gardens, which were designed as a municipal vegetable garden and nursery in 1870, were later remodelled for their current use as a space for public leisure and recreation. The beautiful grove, the playground, the sculptures and the beautiful 12th century Romanesque church of San Juan Bautista (moved stone by stone, from Villanueva del Río Pisuerga so that it would not be lost under the Aguilar de Campoo reservoir) make this place a must-see on any visit to Palencia. We invite you to take a journey full of surprises and magic. Thousands of points of light will guide you to a world of dreams in a show that combines all the latest technology: video mapping, holograms, interactive video, landscape lighting, interactive sound effects, black light, circus and theatre actors ...

An exciting adventure designed exclusively for the city of Palencia, and the only one of its kind in Castile and Leon!

CHRISTMAS CELEBRATIONS AND TRADITIONS IN THE PROVINCE OF SALAMANCA

The full weight of tradition can be felt in Salamanca province at Christmas time in the different celebrations. Living nativity scenes in different towns, Christmas carols, and petitorios rituals when married men, as in Sequeros on 26th December, or young men, as on Three Kings' Day, go from door to door in the town asking for coins for a charitable cause. Ledesma celebrates its calendas (bell ringing and banquets for locals on the morning of 24th) and in Montemayor del Río the Christmas Eve celebration is a parade of bell ringers playing cowbells and seashells. The celebration for young men coming of age (quintos) in Valdecarros on 28th December called "La Horca" is especially unique. A party of these quintos and players of the dulzaina instrument drive two of the main figures, a judge and a prisoner, on a donkey to the main square. They then climb up a set of ladders resting against a wagon pole to recite verses about current events in the area written by the quintos themselves. On 31st December in Nava de Francia, El Perrero emerges. This figure roams through the streets, alongside two sheriffs and a tambourine player, whipping anyone he finds in his path and entering homes as a guest.

HOCES DEL RIAZA

The Hoces del Riaza Natural Park lies in the north-east of the province. The most interesting aspect of this stunning spot, besides the astonishing canyon, is the vast diversity of the birds there, especially birds of prey, including the colony of Griffon vultures, which is one of the biggest in Europe. There are many ways to explore this area but we would suggest three main areas. Firstly, the path between Maderuelo and the Linares del Arroya dam which is a relatively smooth climb. Secondly, the stretch between the dam and the stream at El Casuar where the river forms a canyon in the limestone that is 150 metres deep and around 250 metres wide. And, lastly, the fertile valley, nestled between the river and Montejo de la Vega de la Serrezuela. Yet, as well as savin junipers, holm oaks, gall oak groves, shrubland, the fauna including mostly birds such as the Griffon vulture, the Egyptian vulture, the common kestrel, the bird population of ducks, grey herons, and the limestone geological features, we also have cultural heritage nearby in El Casuar shrine, the remains of the church in Linares del Arroyo, and villages full of monuments, such as Maderuelo, which is listed as a Historic Site.

THE WAY OF EL CID:

BURGO DE OSMA – GORMAZ - BERLANGA DE DUERO STAGE

In this journey you will get to see an important part of the soul of Castile. The countryside switches between dryland farming in the Arlanza and Duero river valley. The river Duero was very important geopolitically in the Middle Ages, as can be seen in the numerous watchtowers and castles dotted around the unique landscape between Langa de Duero and Berlanga de Duero, the most important of which is the colossal, caliphate-era fort at Gomez, which was commanded by El Cid. Burgo de Osma is a city with a wealth of cultural heritage and famous culinary tradition that has been an episcopal see since

the 6th century. Of the many buildings in the city, the most striking is the imposing bell tower of the Cathedral. In Berlanga de Duero, the main square with its arcades entices visitors to take a stroll through its streets. This town of town of many monuments is listed as a Historic-Artistic Site. The two most emblematic buildings are visible from all points in town: the Renaissance style castle and the former collegiate church of Nuestra Señora del Mercado, which dates back to the 16th century.

TOUR OF LIVING NATIVITY SCENES IN THE PROVINCE OF VALLADOLID

In the Christmas season, the province of Valladolid transforms into the ideal setting for living nativity scenes. There are various towns we can visit to see these wonderful spectacles. It is the residents of these towns and cultural association who give up their own time to work on this delightful folk custom, as the tradition is very deep-rooted in the region. Most of them are on a stage but they all share the same idea, one way or another, of depicting the birth of Christ, and other biblical events such as the Annunciation, Mary and Joseph reaching Bethlehem, and the Adoration of the Three Kings. We must make special mention of the people in our region, where great importance is given to traditional Castilian crafts. Their popularity and prevalence have grown significantly in recent years, as they hold an important place in tradition and, above all, because of their religious symbology. They are not only a delight for adults, children also love them, as it is one of the best ways for them to understand the meaning of the holidays since the best way to learn is by experiencing it for themselves.

CHRISTMAS LIGHTS IN PUEBLA DE SANABRIA

Luces de Navidad, Puebla de Sanabria, Zamora (cedida Oficina de Turismo de Puebla de Sanabria)

If we had to choose one town for a perfect Christmas, that would, without a shadow of a doubt, be Puebla de Sanabria in Zamora. Declared one of the prettiest towns in Spain, it boasts some of the best Christmas lights in the whole of Spain. The main square, the surrounding streets, and the castle all bathe you in their warm golden light. The wooden and stone houses, the balconies, the views, the food, and the people do the rest. A wonderful location nestled in the heart of the Lago de Sanabria Natural Park and the Segundera and Porto mountain ranges, the biggest glacial lake in Spain, the more than twenty glacial lakes, nature, food, snow, wolves, deer, sailing on the lake in the Helios Cousteau, the world's first wind and solar-powered catamaran; pulling on your winter boots to hike to the beautiful waterfalls in Sotillo or the forest in Tejedelo, where you feel like you're stepping into a world of fairy tales and elves all make this the ideal place to spend the Christmas holidays.

The lights are switched on on 27th November at 19:00 and will be filling us with festive cheer until 9th January 2022.

Remember, in Castilla y León, you'll find everything and more... WE CAN'T WAIT TO SEE YOU!!!
